

OUR SOCIAL COMMITMENT

MyseaHouse Hotels focuses its social and solidarity attention on HELPING PEOPLE TO GROW, beginning with education and basic needs OF CHILDHOOD, as well as providing TOOLS FOR ADULTS to grow.

The foundations of the social policy of Myseahouse are:

- PROTECTING CHILDHOOD, in Majorca as well as in other countries, wherever economic and organisational support is needed, with the aim of making progress in the quality of life of children as well as their possibilities for the future.
- EMOTIONAL AND ACADEMIC EDUCATION, at all levels, promoting the transmission of knowledge and values.

This commitment is materialised every year in a series of actions that Myseahouse Hotels, as a company, implements, promotes or participates in, which we would like you to be a part of; such as Collaboration with the *Fundación Seur* collecting plastic bottle tops, **Weekly donation of fresh food to Es Refugi** during the whole season, as well as different economic contributions to Associations that care for needy children in Mallorca, such as *Sonrisa Médica, Fundación Rana and Fundación Natzarot*,

Our goal is to make this a project involving everyone in this company, because you, with your daily contribution, make this aid possible.

If you are personally collaborating in a global project and think it could be of interest for our organisation to get involved, please tell us.

Signed: Ana Oliver
Managing Director
